

## ZACHARY HART

**OBJECTIVE** IT professional looking for a growth position where I can apply my extensive management, program development, and critical problem solving ability to meet professional objectives, furthering my technical and career development while adding significant value to my employer.

### PROFESSIONAL ACHIEVEMENTS

#### **IT GOVERNMENT CONTRACTOR**

- Assumed responsibility for and managed Virtual Desktop Pilot program, developing program procedures, writing procedural documents, training and assisting other MITSs to develop their own Virtual Private Clouds (VPC).
- Weekly formal recognition as a top 10% performer in division.
- NETOPS - Provide Frequent assistance to Network Administration to troubleshoot connectivity for endpoints (PC/Phone) and server nodes, remap VLANs, Program/configure features like DHCP, network mapping, and Cisco Identity Service Engine (ISE) and successfully trouble shoot Network-based software such as NACCR Console, SCCM, and Task Management Tracker (TMT).
- DEVOPS - Assumed responsibility for automation tasks among SIPR team to reduce manpower commitments to scriptable tasks (e.g. software reinstalls, environment modifications, registry modifications, etc.).

#### **PRIVATE CONSULTANT**

- Gathered system requirements for production objectives to draft and implement a network architecture for the largest Bitmining operation in Louisiana. Recommended hardware for acquisition, feature utilization, and rack space design. Configured and installed hardware/cabling to meet objectives.
- Trained IT department on network design and implementation, and acted as on-call sub in absence of IT Administrator during network emergency.
- Provide ongoing consultant support concerning network expansion and design as the company grows.

#### **COMPETITIVE SERVICE GOVERNMENT EMPLOYEE**

- Successfully managed high traffic MWR facilities for soldiers, spouses, and dependents, while supervising up to 35 employees.
- Managed million-dollar annual-life-cycle budgets for program expenditure while meeting program objectives, financial objectives, staffing objectives, and expanding program services.

### CERTIFICATIONS
